HOW A PERFECT HEIST FELL APART

ANTWERP, 2003

1 THE PLAN

A fake office in the building. A hidden camera. A copy of the key.

2 THE WEEKEND

123 safe deposit boxes emptied. Over $100 million gone.

3 THE MISTAKE

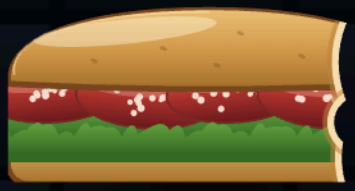

A bag of rubbish dumped in a forest by the motorway.

4 THE FIND

The landowner finds papers and a half-eaten salami sandwich.

5 THE END

DNA on the sandwich leads to Leonardo Notarbartolo: 10 years.

"Ruined by lunch."
