Earth Tenancy Agreement

Eight billion tenants. One landlord. Zero deposits back.
Please read, initial every page, and do not touch the oceans.

ASSURED SHORTHOLD TENANCY ON ONE (1) PLANET

CL. 1 — No deposits back.
The deposit is held for the duration of the universe. Stains, dents, and "general humanity" are deducted in full.

CL. 2 — Moonlight maintenance charge.
Moonlight is provided at a cost. The Moon is not included unless stated. (It is not stated.)

CL. 3 — Sunshine is a utility.
Billed per hour of daylight. Sunglasses are a separate line item.

CL. 4 — Gravity: premium.
Standard tenants float. Premium tenants stay on the ground. Apples falling on heads are an optional extra.

CL. 5 — Earthquakes are renovation.
Noise from upstairs and the occasional volcano (someone's boiler) is not grounds for complaint.

CL. 6 — Repairs by landlord's contractor only.
World leaders are not permitted to offer toolboxes. Contractor ETA: four billion years.

CL. 7 — No subletting to Mars.
Tenants who move to Mars will find the same landlord, holding the keys.

TENANT (representing 8,000,000,000)

LANDLORD (clipboard attached)

MOVE-IN DATE
Roughly 4.5 billion years ago. Rent due on the first of every month. Every month.

NOTICE PERIOD
Tenants may leave with 4 billion years' notice, by rocket, to a planet owned by the same landlord.

Fine print A joke lease from the series WHAT IF?!, made for fun. No legal force. No planets were repossessed.
