Planet Earth: lightly used, one owner

Listed 6 months ago · Outer Space, 3rd from the Sun · Local pickup only

Minor water damage | Oceans: 71% | Furnished (8 billion) | Moon: negotiable | Great views | No time-wasters

Selling because we are moving on. Lightly used planet, one careful owner. Some wear on the poles. Occasional rumbling from the volcano (it's fine, it's normal). Comes with eight billion people, all included as furniture. Please do not ask if Pluto is included. Pluto is not a planet.

Also listed: one used Pluto (free). Collection only. Not a planet.

Fine print A joke listing from the series WHAT IF?!, made for fun. Original design, not affiliated with any real marketplace. Planet not actually for sale.
